

Sanskar Atre

Frontend Developer

I am a Frontend Developer with experience in Software Development and Fintech, focused on solving complex problems and delivering business solutions, especially for payment applications. I excel in project ownership, mentorship, cross-team collaboration, and have experience with compliance and security audits such as VAPT of applications. I have also taken on roles such as Team Lead and Scrum Master. I am passionate about writing clean, efficient code and contributing innovative ideas for new business solutions. I continuously strive to learn new technologies. I am proficient in React.js, JavaScript, HTML, CSS, Bootstrap, Node.js, Express.js, MongoDB, SQL, and REST APIs.
